WALKING TOUR OF THE MORRIS CANAL GREENWAY

JERSEY CITY

SATURDAY, MARCH 21ST
10:00 AM - NOON

RSVP HERE:

The walk from Berry Lane Park to the Colgate Clock is around 3 miles; from Jersey Ave, it is about half that. There are light rail stations at the start and end of the walk as well as CitiBike docks so no need to walk both ways. There is parking on Berry Lane, east of the park, near Communipaw Avenue. Steady rain cancels.

Much of the walk coincides with the Hudson River Waterfront Walkway. We will be going along both existing and future sections of the MCG and stop along the way to discuss the history of the canal and plans for the greenway. Meet at southern end of Berry Lane Park, directly across from the Garfield Avenue Light Rail stop.

10 am: Meet at Berry Lane Park, Garfield Avenue, Jersey City, or

11 am at Ethel Pesin Bridge on Jersey Avenue.
